Seattle's Shake Some Action! show no signs of slowing down ten years into their career, recently hitting the pages of Billboard for the first time when their single "The Only Way Is Up" made #18 on the global Spotify Viral 50 chart, making it one of the most listened-to songs on the planet.

With the August 25 release of their 6th long player, *Crash Through Or Crash*, the only way is up indeed. The fresh swagger of the lead single has plenty of competition for attention with the signature Rickenbacker jangle of *Waiting For The Sun*, the Kinks-influenced snarl of *Secrets and Lies*, while the soulful *Shine a Light* and psychedelic haze of *Circle of the Sun* reveal new sides of SSA! that will please fans both old and new alike.

The band will be returning to live performance for the first time in four years, with Pacific Northwest shows planned for the second half of 2017.

"Armed with two Rickenbacker guitars and endless harmonies, the group is a bunch of unabashed pop classicists, bringing to mind not just '70s power-pop but the heyday of jangle-pop in the '80s, from the REM ringing of the guitars to the Robyn Hitchcock edge delivery from singer/songwriter James Hall. Guitars and harmonies like this always sound so good" - Stephen Thomas Erlewine, AllMusic.com
